To Whom It May Concern,

It is a privilege to present my resume to you for consideration to obtain an Elementary Teaching position in your school district. I am an enthusiastic, motivated and passionate educator, and am very interested in the Elementary Teaching opportunities your district has to offer. I am confident I will be a valuable addition to your education team.

I am a recent graduate of a Master of Arts in Education from Michigan State University, focusing on Special Education. The courses that I took and the work that I produced helped strengthen my understanding of how to work with students with all needs, and allowed me to broaden my teaching practices. My enthusiasm for education is contagious, and is something that students are driven to imitate.

I have a passion for education and student learning, and have always seen myself working with students in an elementary setting. I work to foster a hands-on and real-life classroom setting, where students are respected, engaged in their work, and are surrounded by a supportive community and classroom environment. I have a love for learning about culture and languages and during my undergraduate years I participated in a semester-long study abroad in Valencia, Spain, which allowed my appreciation of a new and different culture to blossom. My enthusiasm for teaching and passion for the Spanish language make me an ideal candidate for the vacant positions within your district.

My resume will highlight the variety of classroom settings and age groups that I have worked with throughout my studies and years of experience. I am excited about the opportunities that your school district has, and know my endorsements apply specifically to your vacancy. I would greatly appreciate an interview in order to fully demonstrate my love for teaching and my ability to contribute to your school and staff. I am available at your convenience and look forward to meeting you.

Thank you for your time,

Jennifer Mathieson
