To Whom It May Concern:

It has been a pleasure to work with Jennifer Mathieson during this school year. She has done a great job as an intern in one of our first grade classes. In addition to this, she has helped me numerous times by interpreting for our parents who speak only Spanish.

I would encourage any school with an English Learner population to consider Jen for a position. First of all, she is very bright. In the classroom I have felt that she has done a great job and always demonstrates a positive attitude. The second reason Jennifer would be a good candidate is the ability to fluently speak Spanish. When I have had Jennifer interpret she does so with excellent results. The positive nature of her communication has put parents at ease and filled a big need for me in communicating important messages.

I believe Jennifer would do a great job in a classroom position. She has fit in well with our Woodbridge staff. I would definitely entertain Ms. Mathieson as a teaching candidate if I had an open position. Please contact me if there are additional questions.

Sincerely,
